

COMMISSION ENTERS FORMAL ORDER IN LOCAL RATE CASE LIGHT COMPANY MUST CHARGE NEW RATES DATING FROM APRIL FIRST

Ten Cents is Maximum for Electric Current in Residences and Eight Cents for Business Houses—One Dollar Gas is the Order—Still Lower Rates for Larger Users of Current and Gas—Hearing in Progress Two Years—Great Volume of Testimony.

NEW ELECTRIC RATES.

Residences—	
First 15 kilowatt hours: rate	10 Cents
All over 15 kilowatt hours: rate	5 Cents
Business Houses—	
First 50 kilowatt hours: rate	8 Cents
Next 100 kilowatt hours: rate	5 Cents
All over 150 kilowatt hours: rate	3 Cents
Power Service—	
First 50 kilowatt hours: rate	7 Cents
Next 100 kilowatt hours: rate	5 Cents
Next 300 kilowatt hours: rate	4 Cents
Next 500 kilowatt hours: rate	3 Cents
Next 1,000 kilowatt hours: rate	2 1/2 Cents
Over 5,000 kilowatt hours: rate	2 Cents

PRESENT ELECTRIC RATES.

Residences—	
All current, per kilowatt hour	13 1/2 Cents
Business Houses—	
Less than 200 kilowatt hours	9 Cents
200 to 400 kilowatt hours	8 Cents
400 to 600 kilowatt hours	7 Cents
600 to 1,000 kilowatt hours	6 Cents
1,000 to 2,000 kilowatt hours	5 Cents
2,000 or more kilowatt hours	4 Cents
Power Service—	
First 100 kilowatt hours: rate	6 Cents
Next 300 kilowatt hours: rate	5 1/2 Cents
Next 500 kilowatt hours: rate	5 Cents
Next 1,000 kilowatt hours: rate	4 1/2 Cents
Next 2,000 kilowatt hours: rate	4 Cents
Next 3,000 kilowatt hours: rate	3 1/2 Cents
Next 4,000 kilowatt hours: rate	3 Cents
Next 5,000 kilowatt hours: rate	2 1/2 Cents

NEW GAS RATES.

1,000 feet: rate	\$1.00
Next 1,000 feet: rate	.95
Over 5,000 feet: rate	.90

PRESENT GAS RATES.

Total bill under \$5: rate	\$1.15
Total bill under \$5 to \$10: rate	1.10
Total bill under \$10 to \$15: rate	1.05
Total bill over \$15: rate	1.00

The State Utilities Commission's formal order in the Jacksonville rate case was made Friday. The order is in nearly all details the same as that indicated by the announced finding of the commission made several weeks since. The order is effective as of April 1, 1916, and the company must refund to consumers the difference between the rates charged and the rates ordered for the months of April, May and June. If the company does not accept the ruling and files an appeal in the Sangamon county circuit court it is presumed that the commission will require a cash bond of such size as will protect consumers for the overpayments made.

The new rates in which the largest number of people are interested are 10 cents for electricity consumed in residences, against 13 1/2 cents the present price, and \$1 for gas against \$1.15, the present rate. For consumers whose electric lighting bill is more than \$1.50 net, the additional current consumed must be charged for at 5 cents per kilowatt hour. The gas consumer who uses more than 1,000 cubic feet per month will pay \$1 for the first 1,000, 95c for the next 4,000, and 90c for all gas above that amount. The net rates by present and new schedules are given in the tables above.

Other Schedules.
The order also fixes the rates for commercial electric light applying to stores, offices, churches, lodge rooms, theaters, etc., at prices from 8c net to 3c net according to the amount consumed; 8c net is to be charged for the first 50 kilowatt hours, 5c net for the next 100 and 3c net for all over 150.

The gross rates named for both gas and electricity are lowered 1c for payment of bills within ten days. This point is one to which the company has strenuously objected, maintaining that the reduction should not be 1c but 10 per cent of the gross price charged. This change suggested by the company would have made quite a difference. In the announcement made some weeks ago by the commission of the intended finding 95c was the net price named for 1000 feet of gas but evidently after going over the figures again the commission determined that a \$1 rate would be fair.

The opinion of the commission occupies 25 printed pages in the weekly booklet of opinions and orders. Fifteen other pages are given to opinions in other cases. It is noteworthy that all the members of

the commission concurred and there was no dissenting opinion. In a number of orders entered by the commission in other cases there have been dissenting views. The order has been entered with the understanding that the Jacksonville case was one which would establish a precedent and the commission must be in position to defend the order made if the need arise.

History of Case.

The original complaint in the Jacksonville rate case signed by Edward Bowe and E. F. Baker was filed with the commission July 22, 1914, so that it is practically two years since the hearing began. A general answer to the complaints was filed by the company Oct. 31, 1914. An initial hearing was held in Springfield Dec. 28, 1914, and there were subsequently seven other hearings consuming thirteen days' time. Six volumes of testimony comprising 2,023 double spaced typewritten pages were taken during the hearing. Witnesses introduced in evidence testimony and exhibits bearing upon the kind, quantity and value of the company's property in Jacksonville and South Jacksonville; upon operating expenses incurred in the production and delivery of the gas, electric and street railway service, and upon other matters pertaining to the reasonableness and adequacy of the rates and service. The history of the local property is outlined in detail from the time that the Illinois legislature in 1855 granted a charter to the Jacksonville Gas Light and Coke company.

Value of Properties.
The commission for the purpose of rate making fixes the total present value of the company's properties here at \$565,000. This is divided into: gas, \$200,000, electric, \$190,000, street car, \$175,000. These figures are about \$400,000 less than the value of the property claimed by the company. One special cause of great difference in figures between the company and the commission was the different values placed upon equipment. The company witnesses in a number of instances testified that machinery and equipment which had been in use for twenty years was in just as good condition for service as it had originally been, and therefore, had as much value.

For some weeks past representatives of the light company have sought to have the petitioners in the

POLK AND ARREDONDO HOLD THIRD CONFERENCE

NEGOTIATIONS ARE UNDERSTOOD TO HAVE ADVANCED A LONG STEP

Indications Are Conversations Pass Into Definite Stage Where Specific Questions Are Being Formulated for Submission to a Commission.

Washington, July 14.—The informal negotiations for the settlement of issues between the United States and General Carranza are understood to have advanced a long step today when Acting Secretary Polk and Eliseo Arredondo, Mexican ambassador-designate, held their third conference since General Carranza's proposal for a diplomatic arrangement was received and accepted.

Altho both Mr. Polk and the ambassador declined to say what matters were under discussion there were indications that the conversations had passed into the definite stage where specific questions were being formulated for probable submission to a joint international commission.

The commission plan of settling differences between the two countries is provided for in the treaty of 1848. Unofficial advices from Mexico City have indicated that General Carranza favored resort to it in the present case and Mr. Polk is believed to have acceded to the suggestion despite the belief of the state department officials that more could be accomplished thru continuance of the informal conferences with Mr. Arredondo.

President Wilson discussed the question with some of his advisers today and the fact that no interruption of the Polk-Arredondo conferences resulted was taken as an indication that the president was satisfied with the trend of the negotiations.

Carranza Grants Interview.
Mexico City, July 14.—General Carranza in an interview today said that the status of the negotiations with Washington was very satisfactory as the result of the good will shown to each other by Mexico and the United States.

"Thanks to this good will," said the first chief, "we will be able to avoid war. War is something I do not desire but if there were no other remedy for the situation I would enter upon it."

General Carranza, however, refused to discuss the situation as it relates to the possible action of President Wilson or of the Latin-American nations which offered to mediate in the trouble between the United States and Mexico. Within a short time, the first chief said, there would be incorporated in the constitution of Mexico all the reforms which now find a place in the program of the constitutionalists. In a large measure, he declared, some of these reforms already are in operation and there remains only their incorporation into the fundamental laws of the country.

As to the holding of a presidential election General Carranza said it would take place as soon as the work of reconstructing the constitution had been completed and when the country was completely at peace.

CHICAGO STATE BANKS SHOW

INCREASED LOANS ON COLLATERAL

SPRINGFIELD, Ill., July 14.—Chicago State banks show an increase of \$20,141,708 in loans on collateral since July 1st, 1916, as compared with their condition April 12th, 1916, according to a report issued by State Auditor Brady today. Loans July 1st, of this year on collateral amounted to \$261,730,144. Savings deposits subject to notice therefor states, amounted to \$252,945,674 an increase of \$10,906,305. Time deposits amounted to \$48,378,928, an increase of \$6,114,361, and demand certificates, subject to check, \$295,351,920, an increase of \$17,823,481.

The total resources of the ninety one banks reporting are given as \$801,334,694, an increase of \$29,843,945.

PROVINE WILL NOT

SUPPORT SEN. HULL
Chicago, July 14.—Walter Provine of Taylorville, candidate for the Republican nomination for attorney general served notice on Former Governor Charles S. Deneen today that he will not support State Senator Morton D. Hull for governor unless he is put on the Deneen-Progressive state slate.

RACE HORSE IS KILLED.

Chicago, July 14.—At the finish of a half mile race today at Hawthorne, Buck Thorn, valuable race horse owned by Jack Atkins, Lexington, Ky., suffered a rupture of a blood vessel in the cerebrum and was later killed by the state veterinarian. Buck Thorn was the holder of eight track records. Last fall Atkins refused \$15,000 for the animal.

SIDNEY CHILD HAS PARALYSIS.

Champaign, Ill., July 14.—A well developed case of infantile paralysis was discovered today near Sidney, Champaign county. Another child in the same community is under observation.

TELEGRAPHIC BRIEFS

ROCKFORD, Ill.—Gunner Appleholm, a merchant, who was overcome with the heat is dead.

NEW YORK.—Vance C. McCormick, national Democratic chairman has returned from Chicago for a conference with party leaders here. He will see President Wilson in Washington today.

WASHINGTON.—The bodies of six negro troopers killed at Carrizal were buried in Arlington Cemetery with full military honors. None had been identified.

RICHMOND, Va.—Virginia's first non-resident hunting license was sent to President Wilson. A \$10 fee which accompanied the president's application was returned.

CLEVELAND, O.—Ed Geers, veteran Grand Circuit driver and trainer, who was badly hurt here when thrown under the hoofs of a horse of the North Randall track, was reported in good condition.

AMSTERDAM, Via London.—A protest against barley consumption for beer making is made in a letter to Cancellor Von Bethmann-Hollweg signed by 80,000 members of Good Templar lodges in Germany. The "gigantic waste of bread material" is pointed out.

WASHINGTON.—Accompanied by Mrs. Wilson, the president will spend the week-end on board the naval yacht Mayflower down the Potomac river and Chesapeake Bay.

NORFOLK, Va.—The battleship Louisiana, designated as a practice ship, sailed for a ten days' cruise, and naval militia from Louisiana, and naval militia from Louisiana, Texas, North Carolina and Florida.

DISCUSS DEAL WHICH INVOLVES SEVERAL REDS AND GIANTS

NEW YORK, July 14.—Harry Hemphill, president of the New York Nationals and August Herrmann, president of the Cincinnati Nationals, today discussed a deal which involves several players and by which Charles Herzog, manager of the Cincinnati team, a former New York player would return to the Giants.

It was reported that Larry Doyle, captain of the New York team, is one of the players involved.

GOVERNOR DUNNE CONFERS WITH OFFICIALS REGARDING STRIKE

No Definite Program is Reached and Executive Will Remain in LaSalle Thru Today.

LaSalle, Ill., July 14.—Governor Edward F. Dunne arrived here late today and immediately went into conference with Mayor H. M. Orr, Sheriff E. M. Davis and Adjutant General Dickson, commanding the five companies of national guardsmen who were sent here when the strike of cement mill workers assumed proportions which Sheriff Davis considered too critical for local authorities to handle. Because of the governor's delayed arrival the conference did not reach any definite program and Governor Dunne will remain here thru tomorrow. He expects to continue his conference with local officials and to meet with mill owners in an effort to determine some means of arriving at a peaceful settlement of the controversy.

At a mass meeting of all labor unions here tonight financial assistance was voted for the striking cement mill workers, but no vote was taken on the question of a general sympathetic strike, as had been proposed. The troops today were removed from the proximity of the cement mills and encamped in the recreation grounds at the public schools. That action was taken to prevent any possibility of a clash between strikers and guardsmen and to appease the strikers who are said to resent the presence of the soldiers so near their homes.

It was generally reported tonight that the mill owners would attempt to operate tomorrow, this report was discredited by city officials.

BEGIN PRACTICE CRUISE TODAY

Washington, July 14.—The annual practice cruise of the naval militia of the United States will begin tomorrow and continue until July 25th. On the Atlantic coast, the reserve battleships carrying the main battle and anti-air command of the Atlantic fleet will leave their ports from Block Island Sound, N. Y., where maneuvers under actual war conditions will be held. On the west coast the militia will cruise to Suisun, Alaska.

EXPRESS DIVERGENT VIEWS.

New York, July 14.—Medical experts here are at variance as to the cause of infantile paralysis, which has cost 212 lives in this city, expressed divergent views today upon the efficacy of the use of adrenalin in the spine as a remedy for the disease, reported by Dr. S. J. Meloy of the Rockefeller Institute. Health Commissioner Emerson announced tonight that physicians who are not regular in list do so on their own responsibility.

POTTS TESTIFIES IN FERGUS SUIT

Explains How Some Officials Engaged Help Altho Money Had Been Used

BELL ALSO ON STAND

Afternoon Session Develops A Verbal Duel Between Potts and State Senator Hay

POTTS BETWEEN "TWO FIRES"

SPRINGFIELD, Ill., July 14.—A system whereby some state officials engaged help and bought supplies altho the appropriations for those specific purposes had been used up, was explained by witnesses today in the hearing on the Fergus committee expenses and deficiency bill suits. Briefly the system, as explained in detail by Rufus M. Potts, state superintendent of insurance and in a general way by Finley F. Bell, secretary of the legislature reference bureau, follows:

The state officials would hire the needed help or buy supplies explaining to the person engaged or from whom the goods were purchased that he (the state official) would not violate the law involved and without giving the persons involved any assurance that their services or goods would be paid for, but eventually obtaining payment for such services or goods thru emergency or deficiency appropriations.

The afternoon session developed a verbal duel between Potts, himself a lawyer, and State Senator Logan Hay, representing State Treasurer Russell, one of the defendants. Potts had testified to employing special counsel for the insurance department in the manner which he described.

"I had it in mind that they should be paid out of an emergency appropriation," Mr. Potts testified, "but I never told them that."

"Do you mean to create the impression that these lawyers thought they were giving their services to the state gratuitously?" asked Senator Hay on cross-examination.

"I mean to create no impression. I am merely stating the facts," Potts answered.

"Well, did these men understand that they would be paid out of an emergency appropriation?" Hay asked.

"I don't know what they understood. We had no agreement regarding their pay," was the answer.

Potts testified that he conferred with the governor on the matter of hiring counsel in excess of his appropriation but said he did not discuss the matter with the state auditor or treasurer. Potts said he appeared before the legislature to urge the passage of an emergency appropriation for his department and later signed the vouchers by which attorneys were paid for work, part of which was done under the system he described.

The insurance superintendent testified that he was caught between "two fires" in 1915, when it became necessary to employ legal assistance for the prosecution of violations of the fire insurance laws and he had no money to pay the attorneys. If he contracted for such legal aid he would violate the criminal law which forbids the contracting of an obligation for which there is no appropriation and if he did not engage the legal aid he would not be obeying the insurance laws of the state.

Mr. Bell testified that when the appropriation for clerks' salaries in his department was used up he notified the clerks to that effect and gave them no assurance they would be paid, but they all remained at work and later were paid out of an emergency appropriation.

The Fergus petitions contend that the defendants have paid out and are about to pay out funds which have not been appropriated by the general assembly.

KIT GOODS MEN CONFERENCE.

Albany, N. Y., July 14.—Manufacturers from the great underwear producing districts of New York state and the knit goods centers of New England assembled here today for an important conference. Secretary Carter, of the National Association of Hosiery and Underwear Manufacturers, brought them together to consider and act upon various important problems confronting the trade. Labor conditions, freight charges, and the raw material market were among the subjects slated to receive attention.

BROKEN GLASS INJURES SEVERAL

Michigan City, Ind., July 14.—Several passengers were injured, none seriously, by broken glass today when two cars of a Michigan Central passenger train were derailed a short distance east of the station here.

JOSLYN WILL FINISH ARGUMENT TODAY

EXPECT FATE OF ORPET TO BE IN JURY'S HANDS BY NOON TODAY

Court Room is Crowded to Hear Prosecutor and in Expectation that Proceedings Would be Brought to an End—Orpet Plainly Disappointed at Adjournment.

Waukegan, Ill., July 14.—The sonorous baritone of Attorney David R. Joslyn, engaged in trying to persuade the jury in Judge Donnelly's court that it should convict William H. Orpet of the murder of Marion Lambert, was checked at five o'clock this afternoon by the judge, who was tired, or the case would have gone into the hands of the twelve men tonight.

"I can conclude in another hour," said Mr. Joslyn, when five o'clock, the usual adjournment hour arrived. Judge Donnelly had not been feeling well, however, and was too weary to proceed. Mr. Joslyn will finish tomorrow morning and by noon it is believed the jury will have the case.

The court room was crowded to hear Mr. Joslyn and in expectation that the court room proceedings would be brought to an end. Guests of the judge occupied the two extra chairs by his side and four others of his friends sat on the floor behind them. Platform railings were utilized, as was the public entrance to the court room and the corridor leading to the witness room, while many others stood for hours. Camp stools and a big picnic bench were brought in to accommodate the extra crowd.

Young Orpet was plainly disappointed at the adjournment. He had been counting days until he could go swimming and the enjoyment in his opinion has been delayed by the adjournment.

His mother too, was disappointed but she sat thru the long hot hours which has characterized her attitude throughout the trial. On his other side sat Mrs. Edwin Taylor, his landlady at Madison, undismayed by the grand jury summons served on her last Tuesday.

James H. Wilkerson, chief of counsel for the defense concluded his argument at 2 o'clock in the afternoon and was followed immediately by Mr. Joslyn. The latter inquired in sentimental allusions to Marion and unreserved condemnation of Orpet's character before coming down to a discussion of the evidence. He followed the same line as his associates, State's Attorney Ralph J. Dady and Eugene M. Runyard, who preceded him but his delivery was more oratorical than theirs and he appealed more strongly to the sympathies of the jurors in behalf of the bereaved home of the Lamberts.

CREW OF NAVAL COLLIER HECTOR IS TAKEN OFF IN SMALL BOATS

Ship Disabled in Hurricane Is Aground and Breaking in Two.

Charleston, S. C., July 14.—Officials at the navy yard late tonight announced that the crew of the naval collier Hector, reported sunk off here, had been taken off in small boats. A wireless message, it was said, had been sent out asking all vessels to watch for the boats.

The Hector was aground and breaking in two late tonight, according to announcement at the Charleston navy yards.

Her exact location was not known, it was said, but reports had her about nine miles off Charleston lights.

The Hector carried 142 men, including marines enroute from Fort Royal, S. C., naval training station to Santo Domingo. She was disabled in yesterday's hurricane and was returning to port here. The collier was reported sunk in shallow water or else beached.

The disabled collier was conveyed today by the Steamer Alamo which was believed to be in her vicinity tonight. The government tender Cypress also was said to be nearby. Navy yard officials did not say from where their information came.

FRENCH DAY TO CELEBRATE.

Paris, July 14.—The French national holiday, the anniversary of the fall of the Bastille, was celebrated today with genuine enthusiasm. The recent success of the Allies' drive against the Teutons has served to put the people in a jubilant spirit, as was evidenced everywhere by a lively observance of the national fete. All the theatres of Paris gave war benefit performances this afternoon, and there were concerts in all the parks. The public appearance of President Poincare was greeted with demonstrations of enthusiasm by the throngs that filled the streets. Everywhere the buildings, public and private, displayed a profusion of the national colors of the Allies.

GIVES STEINER PRISON TERM.

Springfield, Ill., July 14.—Federal Judge K. M. Landis, of Chicago, here today sentenced Victor Steiner of Decatur to one year and one day in the federal prison at Leavenworth, Kan., following Steiner's conviction on a charge of concealing assets in a bankruptcy proceeding. The conviction is the first of its kind in the southern district of Illinois.

BRITISH AGAIN SWEEP FORWARD

Capture Several Important German Second Positions

ADVANCE ONE MILE

Strategic Importance is Marked By Straightening of Line in Conformity With French

RUSS REPORT SUCCESES

After the briefest preliminary bombardments which has preceded any important action on the western front, the British armies on the Somme have again swept forward and have captured several important German second positions. On a front of four miles the British have advanced to a depth of a mile and have held all positions gained in spite of violent counter-attacks. The strategic importance of the British successes is marked by the straightening of their line in conformity with that of the French who had hitherto advanced at a much greater speed than their allies. The brevity of the preliminary bombardment, coupled with the statements of press records; that, on December 31, 1914, correspondents at the front that the British losses were comparatively small, lend support to unofficial statements that the second German line was much less strongly fortified than their first defenses.

On the French portion of the Somme front no action of importance was recorded but in the French official statement for Friday it was announced that the bombardment of German positions on the Belgian front had reached a point of the greatest intensity. This announcement receives additional significance as for more than a week the Belgians have reported a persistent and destructive bombardment directed against the German fortifications. These announcements were similar to those made by the British preceding the opening of their great offensive, and may possibly indicate that another big forward movement by the entente allies may be attempted at the extreme western end of the battle line.

Another point of significance in the day's official war reports is that the only actions reported on the Verdun front were assaults made by the French. These assaults were noted in the German official statement which made no claims of any German offensive action.

On the Russian front the great battle of the Stokhod is still raging with the issue remaining in the balance. The most important news from the Russian side is in regard to the operations in the Caucasus. The Grand Duke Nicholas reports continuous and substantial successes against the Turks and apparently is launching another great offensive in the region of Erzerum and Balbrut, aimed at the very heart of the Turkish Empire. A successful Russian advance along this line would cut off the Turkish armies in the south and again place Bagdad in jeopardy.

DEMOCRATS TO CAUCUS.

Washington, July 14.—Democrats of the senate will caucus tomorrow night to further consider the legislative program for the remainder of the session. Some Democratic senators are making urgent appeals for consideration of special measures not include in the imperative program drawn up by party leaders and Democratic and Republican conferees have been unable to finally agree on what measure should be disposed of before adjournment.

BLISS INSPECTS CAMP.

San Antonio, July 14.—General Tasker H. Bliss, who came here several days ago to study the federalized state troops for the secretary of war looked over the big camp today accompanied by General Funston. General Bliss will investigate the fitness of the state soldiers for active field service as individuals and as organizations. Health conditions, and questions of sanitation will also be included in the investigation.

WEATHER INDICATIONS AND TEMPERATURES.

ILLINOIS: Generally fair and continued warm Saturday and Sunday.

Temperatures.	
The current maximum and minimum temperatures as recorded Friday were:	
Jacksonville	81 95 70
Boston	64 68 62
Buffalo	72 88 62
New York	68 78 70

For President.
CHARLES E. HUGHES.

"The South in the Saddle."
President Wilson has just given some further evidence that "the south is in the saddle" by appointing as recorder of deeds in Washington John F. Costello, a white man. For thirty-five years this post has been filled by a negro. So long had the practice of choosing a negro for this post prevailed that the colored people had really come to think that the office was to be perennially theirs. But it has remained for President Wilson to furnish the rude awakening and now the office is administered by a white man who has the qualifications of being the Democratic national committee-man for the district.

A World Victory for Health.
A leading paper has pointed out that the United States has the chance for a world victory on the Mexican border by adopting sanitation and health methods which will be an example of lasting importance to all the nations. While the unpreparedness of the country in things military must be generally admitted, it is not too much to hope that the United States can set a new standard in the methods adopted for preserving the health of the troops. It is not too much to expect because of the notable achievements made by this country in improving sanitary conditions in Cuba, the Philippines and in Panama. The United States was able to accomplish work in Panama where other nations had failed for the sole reason that more advanced systems of sanitation and better rules of health were followed.

In the war of the Rebellion twice as many soldiers died from disease as from bullets. When the war with Spain came the proportion was entirely different, and advances have been such since that time that should war with Mexico come soon, a still more advanced showing would be made to indicate a better understanding of health conditions by our military authorities.

After the Salaries.
It is not at all surprising that every member of the Illinois legislature is a candidate for reelection. Some of them should be reelected and others can point to nothing in their official records to justify them in again seeking the support of the people. As it is shown that every member of the general assembly whose term expires is seeking reelection the public will be more convinced than ever that the legislators had this very thing in mind when they passed the "fat salary" law, doubling the amount previously paid for their services. If the legislators had voted for this law to affect only their successors in office they would

Rippling Rhymes

By WALT MASON

AMERICANISM.
If I elect to see a piece of Madagascar, Greenland, Greece, or any other clime, I'd like to feel that Uncle Sam will guard me well,

where'er I am, without a waste of time, I'd like to feel safe in Rome, as I am feeling here at home, with cops on every hand; I'd like to see insurers wince when I, with haughtiness of a prince, proclaim my native land. But when I traveled in Cathay, the people stopped me on my way, and pulled my nose and ears; and when I cried, "Unhand me, sketched," I'm from the great United States," they greeted me with jeers. They robbed me of my fountain pen, my dollar watch and every yen, they stole my dachshund pup, and I stood by and saw them swipe my safety razor and my pipe, and new tin drinking cup. I notified my government and asked that battleships be sent as fast as they could track, to shoot the country full of holes, and prod the thieves with ten-foot poles, and get my chateaus back. But Uncle Sam just wrote some notes, instead of going after goats, and breaking some one's dome; and so I say Americans will find it is the best of plans to stick around at home.

DATES IN ILLINOIS HISTORY.
July 15, 1763—The French commandant at Fort de Chartres was notified of the cession of the Illinois country to Great Britain, and was ordered to make preparations for the evacuation.

not have brought down such strong criticism on their heads.

One of the principal arguments advanced against the salary increase was that larger salaries would not be with any certainty better the "quality" of the legislators. This argument was evidently founded on fact, for while some new candidates have appeared in the field, all the old ones are making strenuous efforts to land the old places.

The Troubles of Housewives.
The domestic workers' union in Denver has adopted some rigorous methods for reforming housewives, who do not treat their maids in the approved way. Housewives are listed and classified and remedies are suggested to members of the union who are employed by the housewives with the known faults. Red pepper in soup, salt in sherbets and other alleviative methods are suggested for securing better treatment for the union members. Such methods are not necessary in Illinois, for the household workers without an union long ago secured such an upper hand that not only the housewives, but the members of their families, are willing to be mighty good and deferential if they can only keep help of some kind.

The Kindergarten's Good Work.
Bankers and merchants' teams are to cross bats at Nichols park next Thursday for the very laudable purpose of raising funds for the Jacksonville Free Kindergarten. The year's work was closed with a deficit in the kindergarten fund and money is needed also for the coming year. The kindergarten is a worthy cause and everyone at all familiar with work which has been done during the past year is fully convinced that this work should continue.

The kindergarten has been fortunate in having devoted and competent teachers who for comparatively small salaries have contributed their time and enthusiasm to the good work. Only children are admitted who need the care. The teachers and others closely identified with the work know the home surroundings of each child, and each one receives the particular care and attention suited to the individual needs. The children are not the only ones that benefit, for as they attend the kindergarten tired mothers are able to give more time to their households or to go out to work for needed wages.

The most enthusiastic friends of the kindergarten are those who know most about the day to day and year to year work which has been done there. The kindergarten represents a practical, useful philanthropy and every dollar contributed to the work will be judiciously expended, and the returns will be of a kind greater than money can measure.

The Music Bill.
From the Philadelphia Ledger.

Americans pay for music, in one phase or another, \$225,000,000 a year, according to the finding of the national association. This seems like a large sum till it is pitted against the war bill. Each of the quarter of principal belligerents is disposing of a sum as large as that within a week for the things that would crowd music and all idealistic pursuits off the embattled stage of the world. There is no sign yet that too much is spent on art that is the antithesis of blood and hate. We must have the warships and we must secure our borders against "malice, domestic, foreign levy," but the soul cannot live by saltpeter and nitroglycerin alone. The musicians—and those engaged in the cognate artistic callings—were never so valuable in the life of a nation as they are today. One of the great sources of relief to nervous overstrain and mental tenseness is in such music as that of the orchestra or the body of singers or the individual performer filled with the sense of a healing mission to perform for tired bodies and worn, exasperated souls.

WITH THE SICK.

Herman Opperman, Jr., is ill at his home on W. Walnut Avenue with typhoid fever.

Thomas Brownlow of Chapin who has been a patient at Passavant hospital for the past ten days with a dislocated hip, is improving steadily and hopes soon to be about again as usual. Mr. Brownlow was helping shingle the roof of a hay shed some ten days ago, when the board on which he was standing slipped and he fell a distance of twenty feet to the ground below. The right hip was dislocated as the result.

CENTRAL PARK SERVICE.
At the Central Park Service Sunday evening at 6:30 Dr. A. B. Morey will speak on "Our Four Selves." Dr. Morey is also to preach at State Street church Sunday morning at 10:45.

SAN DOMINGO A LAND OF REVOLUTIONS

Washington, D. C., July 14—As the old saying is, it is the unexpected that usually happens. While the eyes of the nation were turned toward the Rio Grande in daily expectation of the outbreak of a war with Mexico, a score or more of our marines were shot down in a clash with revolutionists in St. Domingo. And in the opinion of those best informed here on Latin-American affairs, Rear Admiral Caperton is likely to find the task of restoring order in the Dominican republic quite as difficult a problem in its way as that confronting the army heads on our southern border.

St. Domingo may be called a country of perpetual revolt against the Government head. Like the Haytian republic, occupying the western half of the same island, it has an extremely sanguinary record. Since the separation from Hayti in 1844, it has had numerous Presidents, and in each instance it took a revolution of a general character or a minor revolt to establish and disestablish each one of them.

St. Domingo has not had so many rulers in the same period as has the neighboring republic, for the reason that several of the Dominican presidents have been exceptionally strong men who succeeded by sheer dominion in keeping themselves at the head of affairs for a considerable time. There were three or four instances of this kind, when St. Domingo was not actually in open revolt, tho, to judge from the chronicles, at the boiling point all the time, as immediate and successful revolution came thru the first opening.

The last strong man of the little republic was General Ulises Heureaux, who succeeded in remaining at the head of the government for thirteen years. A born revolutionist, he came into power in the early '80s after years of fighting. As President he displayed marked ability and determination to have the affairs of the island conducted on the basis of order and justice. Under his administration, with the exception of two minor attempts at war which were promptly suppressed, the country remained at peace and advanced in a marvelous manner morally and politically.

General Heureaux during his eventful career received nine serious wounds and carried two bullets in his body. Finally, as in the case of nearly all of his predecessors, his career was terminated by the bullet of an assassin in 1899.

Since the overthrow of Heureaux the republic has experienced so many revolutions and has had so many Presidents, provisional or otherwise, that history fails to record all of them. Seldom has any one man remained at the helm of affairs for longer than one year.

Probably the form of government has had much to do with the never-ending wars in St. Domingo. Each of the rulers, by whatever title he was known, had revolution surging in his dominions while he held on and each in turn went the way of his predecessor, his only choice being the choice of routes. As it is now, the Government is presumably established under a Constitution which provides for a President with more or less autocratic powers and two legislative chambers, whose members are elected. The Government is a republic in form and French in origin, but in reality it has always been a military despotism.

Several years ago comparative quiet was restored in the island and it was believed that the country was on the eve of an era of peace and development. But in 1913 there again arose a dispute over the presidency and since that time the republic has suffered from revolutionary disturbances with little or no intermission.

St. Domingo possesses vast natural resources that have scarcely been touched. The principal exports are sugar, timber, coffee, tobacco, bananas, hides and wax. The bulk of the trade is in the hands of the United States and a large amount of American capital is invested in the sugar plantations and other industries of the island. It is for this reason that the American government had devoted its efforts for several years to restoring peace and quiet in the republic. The customs duties are the main source of revenue of the Dominican government and the control of them has always been the first aim of the rival aspirants for power. As a step toward quelling these disturbances by removing the principal object of attraction the United States Government stepped in two years ago and assumed control of the customs duties.

CHAUTAUQUA TICKETS
The season tickets for the Chautauqua are now ready for distribution and may be obtained from the secretary, at the Farmers State Bank & Trust Co. Subscribers are earnestly requested to call promptly and take up their tickets and in this way assist the management and boost the Chautauqua. By this means considerable expense may be saved and the directors, who do much work without any compensation will be greatly assisted. It is a big job to collect for 4,000 tickets and your assistance will be greatly appreciated.

In order that we may be able to provide the camps with the kind of tents they desire, we request that persons who expect to rent tents will be kind enough to indicate to us the size and kind of tent desired.
A. C. Rice, Sec'y.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the DuPont Hotel, Jacksonville, Illinois, Wednesday, July 19th, 1916, one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourth Street Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and then cease to return.

IS THIS THE WAY YOU FEEL?
Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands or feet? Have you a "drip," dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Piles? Pains—aching of joints or weak back, pains in back or loins? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.
Come early as parlors are always crowded.

A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D.,
766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

FILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blue, red, pimply on the face, dreams, restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength.

SOCIAL EVENTS

Miss Oxley Entertained Willing Workers.

Miss Irene Oxley entertained the Willing Workers of Durbin church Thursday afternoon at her home near Franklin. A good attendance was present and a fine program was rendered. The roll call was answered by patriotic quotations. A paper was given on "The Birth of a Republic" by Mrs. Edgar Oxley. Paper on "The Wives of the Presidents" by Miss Rhoda Scott; piano solo, Miss Irene Oxley. A paper on "The American Flag Standardized" by Mrs. Clarence Hawker. A paper on "What Patriotism Means to Me" by Mrs. Jessie Cox. During the afternoon refreshments were served. A few guests were present. The society will hold their next meeting with Mrs. Edgar Oxley August 10.

ADD SOC EVENTS

Entertained Mt. Zion Aid Society.

Mrs. Charles Gibbs of City Place entertained the Ladies' Aid Society of Mt. Zion church Thursday afternoon. There was a good attendance, and after the business was transacted, a social hour was enjoyed, during which refreshments were served. Later in the afternoon, Mrs. Gibbs entertained her Sunday School Class in a circle at Nichols Park. Games furnished amusement and a picnic supper was enjoyed.

Gave Breakfast at Nichols Park.

Misses Virginia Whitlock and Gladys Howard entertained a number of friends at a 6 o'clock picnic breakfast at Nichols park Friday in honor of Miss Whitlock's cousin, Miss Hazel Louise Duncan of Manchester. After enjoying the excellent breakfast served the young people went for a motor ride in the country and the occasion was one of very great pleasure.

GIANT MANAGER ARRESTED ON CHARGE OF DISORDERLY CONDUCT

CINCINNATI, O., July 14.—John J. McGraw, manager of the New York National League team, was arrested here today on a warrant sworn out by John T. Reed, a local fan, charging him with disorderly conduct. McGraw gave bond for his appearance in the municipal court tomorrow and left with the team for St. Louis tonight.

Trouble started after the game when remarks by several spectators were addressed to the New York team while they were in their dressing rooms. McGraw resented the remarks, there were no blows struck but some ugly language was used according to the police.

After McGraw's arrest Arthur Fletcher, short stop for the New York Club swore to a warrant causing Reed's arrest.

BAKER INJURED.

New York, July 14.—Third baseman J. Franklin Baker of the New York Americans will be out of the game for at least a week as the result of an injury today. He crashed into a grandstand gate while going after a foul in the fourth inning of the second game with Detroit and was so badly shaken up he was forced to quit the game.

GOOD ACT AT GRAND

Manager Johnson of the Grand Opera House has an especially attractive act this week. The team is good in the songs and talking skit.

RETURN FROM IOWA TRIP

Mrs. Jerry Cox and daughters returned to Jacksonville Thursday after an automobile trip to Des Moines, Iowa. They drove their Hudson car and the journey in both directions was taken without mishap of any kind. They found the roads in excellent conditions except for the annoyance from excessive dust.

SEASONABLE INFLUENCES NEVER WERE SO NEGLIGIBLE AS NOW

Speculative Buying Largely Disappears, But Situation is All the Healthier for This

New York, July 11.—Bradstreet's tomorrow will say:

"Seasonable influences which usually affect the larger line during the heated spell, never were so negligible as now. Hot weather has made it uncomfortable for men in industry to work continuously at high speed and at the same time the normal desire for vacations has probably cut down operations in numerous enterprises, not notwithstanding this is a relatively noteworthy degree of activity prevails. Speculative buying, predicted here-to-fore on fears that there would not be enough materials to go around has, however, largely disappeared and the situation is all the healthier. Most reports agree that prospects point to a continuance of good business through an indefinite period, with little or none of the disturbance incident to a presidential year in evidence. Weekly bank clearings \$4,903,313, 099."

Senate Denunciation of Free Seeds.

Criticism almost universal has been pronounced on congressmen for continuing through all the years the practice of distributing flower and garden seeds to their constituents, at the cost of taxpayers. All farmers are familiar with the purport of the original act from which this practice has descended. It provided for the distribution of rare seeds, in the hope that new plants and vegetables of economic value might be added to those in use. It has degenerated into a favor-courrying practice on the part of congressmen, whereby they seek to persuade their constituents that they are holding them personally in mind. The petty value of this free gift—ranging from 10 to 15 cents—makes it all the more pitiable that farmers should consent to be the recipients of it.

As often as the agricultural appropriation bill is presented, representatives and senators have raised their voices in protest against this waste of public money, but the majority has always been against them. Among these protestants none has been more vigorous in utterance than Senator Kenyon of Iowa, who thus declared himself in recent debate:

"This sending out of 25,000 to 30,000 packages of garden seed to the constituents of members of Congress is simply a silly farce, that has cost the people of this country, outside of the loss in postage and the burdening of the postal system of our country, in the four years from

1909 to 1913, according to Senate Document No. 1104, \$1,110,943. The number of packages sent out during those four years was 48,568, 891. If postage had been paid thereon it would have amounted to \$467, 759.04. In other words it costs about \$250,000 a year to carry on this system, which is nothing but a system of political seed—that is, all—to make the constituent feel that he is in very close relationship with his member of congress."

Senator Kenyon added that this seed distributing brings congress in disrepute, as it is regarded as a joke throughout the country. He recalled the fact that the department of Agriculture had repeatedly requested that this practice be abandoned. He also brought to attention a resolution recently adopted by the Senate of the Kansas legislature, requesting that representatives and senators from that state desist from sending seeds to their constituents, and urging them to aid in action which would abolish the practice. And then the Iowa senator summarized the argument in this knocking-out style:

"There is not any more reason for sending out free seeds than there is for sending out clothespins, safety pins or colic remedies."

Notwithstanding the repeated protests of this character, more frequently registered in the Senate, the item will likely slip thru again in the appropriation bill, which has been under debate this week.—Breder's Gazette.

rate case appear before the commission and ask them to change their finding in some details and grant additional rates, which was argued would increase the annual revenue for the company by several thousand dollars. The company representatives have insisted that unless this was done that an appeal would certainly be taken from the commission finding. It was not until nearly midnight Friday that formal notification of the commission finding was received in Jacksonville and it was, therefore, not possible to secure any statement from the company representatives as to the probable course which will be followed. The rates in detail as ordered by the commission appear below.

Properties Purchased in 1905

Speaking of values the finding says: "That the respondents herein are corporations and public utilities in Jacksonville, county of Morgan, Illinois; that the said respondents are jointly managed and operated in a consolidated manner; that the said respondents, about 1905, acquired the then-existing gas, electric, and street railway properties in Jacksonville for a net consideration of \$666,613.14 in par value of stocks and bonds; that, subsequent to 1905, the additions and betterments to the respondents' properties as shown by its books of accounts, total \$314,209.59; that retirements, subsequent to 1905, do not appear definitely in the record; that, on December 31, 1914, the outstanding capital stock of the Jacksonville Railway & Light Company was \$100,000 and of the Jacksonville Railway Company was \$23,450—total \$123,450; and that, on December 31, 1914, the respondents' funded debt aggregated \$723,000 of 5 per cent bonds which mature January 1, 1921.

"That, after considering all the evidence and testimony in this case bearing upon the values of the properties herein, the costs-to-reproduce, the original costs, investments, the present values, all overheads, such as preliminary costs, engineering, supervision, interest, insurance, organization, and legal expenses during construction, contingencies, and all other elements of value (tangible and intangible), and taking into consideration that the plants are now in successful operation and are 'going concerns', the Commission finds the fair value of the respondents' properties in Jacksonville, for the purpose of determining reasonable and just rates, to be as follows:

Department	Working Capital	All other Elements of Value	Total Fair Present Value
1. Gas	\$6,000	\$194,000	\$200,000
2. Electrical	7,000	183,000	190,000
3. Street-railway	9,000	173,000	175,000
4. Totals	\$15,000	\$550,000	\$565,000

"That, taking into consideration the nature and inherent risks of public-utility investment in general, and particularly considering all the facts and circumstances in evidence relating to the particular utilities herein, seven per cent (7 per cent) per annum is a fair rate-of-return upon the fair and reasonable values of the gas and electric properties, as determined hereinabove.

It is therefore ordered that the rates and charges which are to be hereafter observed by the Jacksonville Railway and Light Company, until subsequently modified either by an order of this Commission or by other manner provided by statute, shall be in accordance with the following schedule:

Rates for gas service, authorized to be charged by the Jacksonville Railway and Light Company in Jacksonville, Illinois, and vicinity.

Rate per thousand cubic feet:
1. For the first 1,000 cubic feet used per month, \$1.10 (gross).
2. For the next 4,000 cubic feet used per month \$1.05 (gross).
3. For all over 5,000 cubic feet used per month \$1.00 (gross).

Discount—A discount of ten (10) cents per thousand cubic feet of gas shall be allowed upon all accounts paid in full within ten (10) days after the date of the statement. Statements shall be rendered monthly, on a day reasonably close to the first of the month. The date of the statement shall be the day of the month upon which statements are mailed (or otherwise distributed) to the consumers of Jacksonville and vicinity.

Minimum Bill
A minimum charge of twenty-five (25) cents per month per meter shall be assessed monthly to each consumer who fails to use at least two hundred and fifty (250) cubic feet of gas per meter per month.

Quality.
The quality of gas furnished in Jacksonville and vicinity shall accord with the "Standards for Gas Service" established heretofore (or which may hereafter be established) by the Commission, except that the heat content shall be not less than six hundred (600) British thermal units per cubic foot of gas.

Rates for Electric service, authorized to be charged by the Jacksonville Railway and Light Company in Jacksonville, Illinois, and vicinity.

Lighting Rates.
Schedule "A"—Residential Lighting.

Available for any consumer using the company's standard service for residence, provided that service hereunder will not be furnished to motor installations having a total capacity of more than one (1) horsepower.

Rate per kilowatt-hour:
1. For the first 15 kilowatt-hours used per month 11c (gross).

2. For all over 15 kilowatt-hours used per month 6c (gross).

Discounts.
One (1) cent per kilowatt-hour for all bills paid in full within ten (10) days from the date of mailing (or otherwise distributing) the bill.

Minimum Bill.
Fifty (50) cents per month for each meter.

Schedule "B"—Commercial Lighting.
Available for any consumer using the company's standard service for stores, offices, churches, restaurants, saloons, lodge and dance halls, laundries, depots, theatres, factories, livery stables, hotels, clubs, shops, etc., provided that service hereunder will not be furnished to motor installations having a total capacity of more than one (1) horsepower.

Rate per kilowatt-hour:
1. For the first 50 kilowatt-hours used per month 9c (gross).
2. For the next 100 kilowatt-hours used per month 6c (gross).
3. For all over 150 kilowatt-hours used per month 4c (gross).

Discount.
One (1) cent per kilowatt-hour for all bills paid in full within ten (10) days from the date of mailing (or otherwise distributing) the bill.

Minimum Bill.
Fifty (50) cents per month for each meter.

Schedule "C"—Flat-rate, Sign, Window, and Display Lighting.
Restrictions.

This rate is applicable only to sign, window, and outdoor-display lighting. In the district covered by the company's patrol service, the lighting will be controlled by the company. In districts outside the district covered by the company's patrol service, lighting will be controlled by a time switch, satisfactory to the company, installed and maintained by the consumer. The lamps are to burn from dusk to eleven (11) p. m. each night. No change in wattage lamps will be allowed without the consent of the company. The wiring controlling the lamps must be so arranged that it is accessible to the company's patrolmen without entering the building.

Rate.
Five and one half (5 1-2) cents per month per five—(5)—watt lamp or equivalent.

Discount.
No discount is to be allowed under Schedule "C".

Minimum Bill.
The rate specified above shall constitute a minimum bill, except that the minimum installation which will be considered under this schedule shall be two hundred (200) watts.

Power Rates.
Schedule "D"—Electric fan motors in mercantile establishments.

Department	Working Capital	All other Elements of Value	Total Fair Present Value
1. Gas	\$6,000	\$194,000	\$200,000
2. Electrical	7,000	183,000	190,000
3. Street-railway	9,000	173,000	175,000
4. Totals	\$15,000	\$550,000	\$565,000

Rate.
1 ceiling fan, \$3.00 per month.
2 ceiling fans, \$5.00 per month.
3 or more ceiling fans, each, \$2.00 per month.

12-inch desk fans, \$2.00 per month.
16-inch desk fans, same rate as ceiling fans above specified.

Discount.
No discount is to be allowed under Schedule "D".

Minimum Bill.
The rates specified above shall constitute the respective minimum bills.

Schedule "E"—Battery-Charging Sets.

This rate is applicable to service regularly used for the charging of electric storage batteries.

Rate.
Five (5) cents per kilowatt-hour.

Discount.
No discount is to be allowed under Schedule "E".

Minimum Bill.
One dollar (\$1.00) per month per kilowatt of installed capacity of the equipment used for the necessary transformation of current.

Schedule "F"—Regular Power Service.

Applicable to all power service (both direct and alternating current), except as hereinbefore provided under Schedule "D" and "E".

Rate per kilowatt-hour:

1. For the first 50 kilowatt-hours used per month 8c (gross).

2. For the next 150 kilowatt hours used per month 6c (gross).

3. For the next 300 kilowatt hours used per month, 5c (gross).

4. For the next 500 kilowatt hours used per month 4c (gross).

5. For the next 4,000 kilowatt hours used per month 2 1-2c (net).

6. For all over 5,000 kilowatt hours used per month 2c (net).

Discount.

One (1) cent per kilowatt-hour for all electricity used under one thousand (1,000) kilowatt-hours per month, on bills paid in full within ten (10) days from the date of mailing (or otherwise distributing) the bill.

Minimum Bill.

Fifty (50) cents per month per rated horsepower of motors connected, to and including five (5) horsepower; thirty (30) cents per month per horsepower for all motor capacity connected in excess of five (5) horsepower; provided, that no minimum bill shall be for less than one dollar (\$1.00) per month per meter.

In case electrical equipment, other than motors, is connected with the circuits, the minimum bill shall be computed upon the basis of the equivalent horsepower required by such apparatus.

Reservation.

The company reserves the right to discontinue direct-current service at any time in the future, upon the

approval of the State Public Utilities Commission of Illinois.

Schedule "G"—Optional Service.
Service under Schedule "G" shall be optional for any consumer who would normally fall under Schedule "F", provided that any consumer having elected, to receive service under either schedule "F" or "G" shall continue to receive service under this schedule for a period of one (1) year before being again permitted to exercise the option hereunder.

Rate per kilowatt-hour.
For the first thirty (30) hours use per month of maximum demand, 8c (gross).

For the next thirty (30) hours use per month of maximum demand, 5c (gross).

For all in excess of sixty (60) hours use per month of maximum demand, 1 1-2c (net).

Discount.
One (1) cent per kilowatt-hour for all electricity consumed less than sixty (60) hours use per month of the maximum demand, on all bills paid in full within ten (10) days from the date of mailing (or otherwise distributing) the bill.

Minimum Bill.
Fifty (50) cents per month per horsepower of motors connected, to and including five (5) horsepower; thirty (30) cents per month per horsepower for all motor capacity connected in excess of five (5) horsepower; provided, that no minimum bill shall be for less than one dollar (\$1.00) per month per meter.

In case electrical equipment, other than motors is connected with the circuits, the minimum bill shall be computed upon the basis of the equivalent horsepower required by such apparatus.

Determination of Maximum Demand.
For all installations in excess of five (5) horsepower of connected load, the company will install, free of charge, a maximum-demand indicator which will register the maximum demand over a fifteen (15)-minute interval. For all installations having a connected load of less than five (5) horsepower, the company either will estimate the maximum demand or, at the request of the consumer, will install a maximum-demand indicator capable of measuring the maximum demand over a fifteen (15) minute interval and bill the consumer for the cost of the said meter to the company, the company installing and maintaining the same free of charge.

Reservation.
The company reserves the right to discontinue direct current service at any time in the future upon approval of the State Public Utilities Commission of Illinois.

Schedule "H"—Off-Peak Power Service.

Electric service for the operation of motor installations of not less than fifty (50) horsepower connected load will be rendered under this schedule, under the condition that no service shall be used between 5 p. m. and 7 p. m. in any day between November 1st and March 30th, and between the hours of 6 p. m. and 8 p. m. on any day from April 1st to October 31st. The company shall discontinue service under this schedule in all cases of consumers violating this provision.

Rate.
For all current consumed, 2c per kilowatt-hour (net).

Discount.
No discount will be allowed under Schedule "H".

Minimum Bill.

Twenty-four dollars (\$24) per year per horsepower of connected load.

Schedule "I"—Service to Jacksonville Railway Company.

Service will be rendered under this schedule to the Jacksonville Railway Company, the railway company to receive the power at the switchboard of the electric company, and to agree to cooperate with the electric company by all means possible for the maintaining of continuous and adequate service to all consumers.

Rate.

For the service as at present required by the Jacksonville Railway Company:

Fixed charge \$2,000 per year.

Energy charge, 1c per kilowatt-hour.

Mid-Year Model 73 new ideas—**Mitchell**—Racine 26 Extra Features
SIX

700 Improvements

Made by John W. Bate, the Efficiency Engineer

The Mid-Year Mitchell is the 17th model which John W. Bate has built. He has worked out in those models 70 improvements, and all are now found in this car.

26 COSTLY EXTRAS

You will find in this Mitchell 26 costly extras—wanted things which other cars omit. Things like a power tire pump, reversible headlights, cane-handle control, cantilever springs etc.

There are 26 of those extras—each something you want. In other cars they would cost you an extra price. In the Mitchell they are free. All are paid for out of factory savings.

West Morgan Street

TO PRESERVE THE HAIR

When your child is grown, the condition of and the amount of his or her hair will depend largely upon the way it is cared for now.

The human hair is composed of about 175,000 delicate oil plants.

Ordinary soaps and shampoos will soon destroy the natural oil and the fatty roots of these plants making the hair dry and brittle or destroying it entirely. EVERY WEEK SHAMPOO is an Anti-Septic Oil Shampoo that cleanses and purifies the scalp thoroughly and leaves the hair just as nature intended, soft, fluffy, silky, and the scalp slightly moist with oil, but no surplus oil in the hair.

If men would use EVERY WEEK ANTI-SEPTIC OIL SHAMPOO instead of the strong alkali shampoos which are so commonly used, they would preserve their hair rather than invite baldness. EVERY WEEK SHAMPOO dissolves and removes the dandruff (dry or oily), opens the hair cells, feeds and strengthens the hair roots and leaves the hair clean, soft, fluffy, silky and the scalp healthy. A weekly application for men and children and every other week for women keeps the scalp clean, healthy and the hair in excellent condition.

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO contains both mineral and coconut oils which cleanse the scalp and give the hair plant the oil which is required. It lathers freely, removes any surplus oil, but does not remove the natural oil which healthy hair requires.

Large bottle (64 teaspoonfuls) 50c at Lee P. Allcott, Armstrong's Drug Store, Clarence L. DePew, J. A. Obermeyer and son and leading stores everywhere.

HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without it hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable.

Cardui has helped thousands. Why not you? Try it. NCB

COMMITTEE WILL CONFER
OVER MONUMENT PLANS

Meeting Will Be Held at Court House This Afternoon—Project Deserves Support.

At two P. M. at the courthouse today there is to be a meeting in behalf of the project to erect a monument to the memory of the soldiers and sailors of this county. This was announced solely as a booster meeting and the committee in charge have a special desire for a large attendance. Ladies especially will be welcome and it is hoped that a goodly number will attend. No subscriptions will be requested as it is not likely that the necessary means will be secured in that manner. Every resident of Morgan county is indebted to the old soldiers for saving the country and it is no more than right that such a wealthy county as Morgan should erect the monument by taxation. The law provides that when the people indicate by a vote that they desire such a monument then the commissioners may appropriate the necessary funds.

Several of the committee waited on the county commissioners and found them all very friendly to the project and all talked in a decidedly patriotic manner. The location would of course have to be decided on later but sentiment seems now to point to the center of Central Park as there are two cemeteries adjacent to the city and it would seem invidious to locate the monument in either and then it wouldn't be seen by nearly as many as it would be if in the square.

Morgan county is decidedly behind many counties in this respect and it is high time she was getting into line in the important movement. Several speakers have signified their willingness to make short addresses at the meeting today among them, H. H. Bancroft, Hon. Thos. Worthington, Judge O. P. Thompson, John J. Reeve, John M. Butler, H. C. Montgomery, Squire J. B. Beekman of Pisgah, Dr. G. W. Miller of Woodson, S. W. Nichols and possibly others.

The members of the executive committee are Major C. E. McDougall, Capt. J. M. Swales, Hassell Hopper, C. Riggs Taylor, W. H. Jordan, Jas. F. Self and Judge T. B. Orear. It is the desire of this body to secure a large number of persons all over the county to act in an advisory capacity, such as circulating petitions, working up a sentiment and in general aiding the movement by all means in their power. It is hoped that there will be a large attendance at the meeting this P. M. and that a good send off to the enterprise will be given.

AUTOMOBILES

Messrs. Ebenezer, Earl, Wallace, and Paul Spink left in their Mitchell car for a fishing expedition.

Alfred Glossup and family came up to the city yesterday from Winchester in their Ford car.

Arthur Bush of Scott county made a trip with his family to the city yesterday in his Ford car.

J. Coe and family traveled from Winchester to the city yesterday in their Ford car.

Fletcher Martin and family drove from Winchester to the city yesterday in their Ford car.

Elmer McCullough of Riggsport brought a load to the city yesterday in his Cole Eight car.

John Dahman of Winchester made a trip to the city yesterday with his family in his Buick car.

J. M. Gruner, Buick demonstrator, came down yesterday from Chicago in his Buick car.

Clarence Taylor of the north part of the county made a trip to the city yesterday in his fine new Maxwell runabout.

Dr. Eckman and family rode up to the city yesterday from Winchester in their Case car.

Robert Etter of Waverly brought to the city yesterday in his Hudson car Joseph Lombard and Cole Deatherage.

WOOD WASTE EXCHANGE

IS WIDELY USED.

Washington, July 15.—Extensive use by lumbermen and wood-working factories of the wood waste exchange conducted by the Forest Service is reported by officials who have just completed a short field study to determine the extent to which the opportunities offered are being taken advantage of. Only a small per cent of the total number of concerns listed were visited, but a comparatively large number were found to have benefited by the exchange.

Makers of wooden novelties, it is said, have been particularly successful in finding supplies of material near their plants. Other wood-working industries have been able to dispose of their waste at higher prices than they could otherwise have obtained. Many of the firms were located within short distances of each other, but until recently have had no way of getting together.

The wood waste exchange was established by the Forest Service in 1914. It consists of two lists of manufacturers, which are sent out quarterly to persons desiring to see them. One of these is "Opportunities to Sell Waste" and contains the names of firms which use sawdust and small pieces of wood.

CAIN & SON LET CONTRACT.

P. J. Blackburn was yesterday awarded the contract for excavating under the Cain & Sons building on West Lafayette avenue. The work will begin next week and the basement will be used as a storeroom.

1916 ASSESSMENT FIGURES
HAVE BEEN COMPLETED

Totals Show \$366,520 Increase in Property Values—Horses Fewer as Number of Automobiles Increases.

The work of tabulating the assessments of Morgan county property for 1916 has been completed by W. A. Masters, county assessor, and his assistants. The totals show an increase in realty values of \$366,520. Of this sum something less than one third, or \$91,593, represents increases in city property and the remainder is in property outside of Jacksonville.

PLEASANT GROVE.

Mrs. Hannah McHoney is entertaining her cousin and family from Chicago this week.

Mrs. Linnie Dobson, son Wayne and daughter Eva spent Monday in Jacksonville the former having dental work done.

Dr. G. O. Webster spent Monday evening at the farm with his family. W. S. Fenning and family spent Sunday afternoon with D. J. Crouse and family.

Clarence Lorton and family, Jennie and Mattie Irlam called on B. L. Tucker and wife Sunday afternoon. William Wiswell and wife spent Monday at the farm.

Bryan Sheppard and wife of Waverly spent Saturday night and Sunday with home folks.

D. J. Crouse spent Monday in Jacksonville.

Inez Sheppard spent Saturday night with Bessie Ray in Greasy Prairie.

An auto load of young folks motored out to B. L. Tucker's Sunday afternoon to spend the evening.

Eva Dobson spent Friday evening with Mrs. William Wiswell and attended the Wessner recital.

Leila Clayton has been spending the past week in Jacksonville.

YATESVILLE.

Mrs. Ward who has been operated on at Passavant hospital for appendicitis has returned to her home feeling much better.

Lorene McDaniel is on the sick list.

Grandma Hynes is very poorly. Edith Yancy is visiting her sister Mrs. John Yancy in Litterberry a few days.

Bert Carpenter and family visited Mrs. Carpenter's brother and wife Sunday.

Rev. Charles Lewis of California made a good talk at Berea Sunday evening. He is visiting friends here and he intends soon to sail to China as a missionary.

L. C. Yancy of Bloomington visited his parents here Sunday.

WILL TRAVEL IN WEST.

Merle Cain and Larry Krouse will leave this morning for an extended trip in the western country. They will go first to Denver where they will see Mr. Cain's brother, Thomas, who is now employed in that city. They will then go to Colorado Springs, Golden, Pueblo and Estes Park where they will remain for about three weeks before making the return trip.

Edward G. Bauman, Supt. City Schools, Mount Vernon—

RED SOX AND BROWNS FAIL TO SCORE

GAME IS CALLED ON ACCOUNT
OF DARKNESS.

Koob Fails to Touch Third in Coming
from Second on Drive to Left
by Miller, Robbing St. Louis of
a Chance to Score in Fifteenth.

Boston, July 14.—Boston and St.
Louis played seventeen innings
without scoring today the game
being called on account of darkness.
The visitors would have tallied in
the fifteenth had not Koob failed to
touch third base when he came from
second on a drive to left by Miller.
Koob's omission was detected and
he was tagged by McNally after Mays
had been knocked down at the plate.
Mays was not seriously hurt, but he
retired from the contest.

Mays, 8; by Leonard, 2. Wild pitch
—Leonard. Passed ball—Hartley.
Umpires—Owens and Connolly.
Time—3:40.

Detroit, 6-3; New York, 2-4.

New York, July 14.—Detroit and
New York played a sensational double
header here today, each team
winning a twelve inning game. De-
troit taking the first 6 to 2 and the
Yankees winning the second 4 to 3.
In the first contest, Culp lost his
first game of the season after
winning nine straight. The former
Federal League lefthanded pitcher
hurled a fine game, but was out-
lasted by Mitchell, also a lefthander.
Boone's home run in the second in-
ning put the locals in the lead but
Heilman tied it in the sixth with a
home. In the twelfth four singles
a sacrifice and two error netted
the visitors four runs. The second
game also was a pitchers' battle, two
young pitchers—Russell and Cun-
ningham—participating. New York
score was tied Beebe was sup-
planted by High's sacrifice and Peckinpaugh's
single.
First Game: R. H. E.
Detroit 10 0 0 0 0 0 0 0 0 0 0 0—6
New York 0 2 0 0 0 0 0 0 0 0 0 0—2
Batteries—Mitchell and Baker;
Sullop and Walters.
Second Game: R. H. E.
Detroit 10 0 1 1 0 0 0 0 0 0 0 0—3
New York 1 0 0 0 0 0 0 0 0 0 0 0—4
Batteries—Cunningham and Mc-
Kee; Russell and Alexander.

Washington, 4; Cleveland, 3.
Washington, July 14.—Washing-
ton beat Cleveland 4 to 3 today,
scoring the winning run in the ninth
inning with two out. It was a free
hitting contest. Cleveland got an
early lead off Ayers but Washington
tied the score in the fourth. Ayers
was taken out for a pinch hitter in
this inning and replaced by Gallia
who prevented scoring. After the
score was tied by Beebe was sup-
planted by Gould who was over-
come until Jamieson doubled and
Henry singled in the last inning.
Score: R. H. E.
Cleveland 1 2 0 1 0 0 0 0 0 0 0 0—3
Washington 0 0 0 3 0 0 1 1 3 2
Batteries—Beebe, Gould and
Daly; Ayers, Gallia and Henry.

New York-3; Cincinnati-2
Cincinnati, O., July 14.—New York
took the last game of the series, a
ten inning contest from Cincinnati
today 3 to 2. The winning run was
made in the tenth when Burns sin-
gled, took third on Killifer's fumble
and scored on Kauff's single.
Score: R. H. E.
New York 0 1 0 0 0 0 0 0 0 0 0 0—3
Cincinnati 0 0 0 0 0 0 0 0 0 0 0 0—2
Batteries—Benton and Rariden;
Schneider and Wingo.

TOURNEY RESULTS IN TIE.

Garden City, N. J., July 14.—After
two days medal play over the
Garden City Club's links, the 72
hole contest for the open cham-
pionship of the Metropolitan Golf as-
sociation resulted today in a triple tie.
Charles H. Hoffman of the Philmont
Country Club, Huntington Valley,
Pa., a young player; Walter C. Hag-
en of Rochester, a former national
open title holder, and James M.
Barnes of the White Marsh Valley
(Pa.) Country Club, 1914 western
champion were the trio of profes-
sionals who finished with equal
scores of 307 strokes. They will
play off the tie here tomorrow.

RENEWAL OF AMERICAN DERBY IN CHICAGO TODAY

Historic Hawthorne Track Will Be Scene of
Big Race Event This Afternoon—Marks
Revival of Horse Racing in Big City

AMERICAN DERBY FIELD TODAY

Entry	Weight	Jockey	Owner
Churchill, br. c.....	119	F. Keogh	Foxhall P. Keene
Dick Williams, br. g.....	123	G. Garner	John W. Schorr
Dodge, bay c.....	126	F. Murphy	Weber & Ward
Franklin, ch. c.....	122	W. Andrews	Weber & Ward
Faux, col. br. c.....	126	G. Byrne	R. J. Mackenzie
George Smith, bl. c.....	126	C. Fairbrother	John Sanford

Six of the fastest horses of the
country, two of them from the same
stable, will probably make up the
field to contest today's renewal of
the American Derby at Hawthorne
track, Chicago.

If the field suffers in size by com-
parison with others that were wont
to supply Chicago's most spectacular
annual event in former years, it ap-
pears to excel them in some particu-
lars, says the Tribune. For ex-
ample, three of the starters already
have Derby victories elsewhere to
their credit. Then it is unusual for
a Chicago race to attract the colors
of three such notable owners at a
distance as Foxhall P. Keene, John
Sanford and R. J. Mackenzie.

Churchill, the Keene entry, is
widely engaged in the rich stake
events of the eastern tracks, so that
his hurried shipment to Chicago—
the colt arrived only Wednesday—is
not what would be regarded as a
good business risk, for ordinarily
such a trip operates against the
colt's best condition. The fact of
his coming may be attributed solely
to the desire of the noted eastern
sportsman to help the revival of rac-
ing in Chicago.

Much of the same motive may be
attributed to John Sanford, the mil-
lionaire carpet manufacturer of Aus-
terdam, N. Y., in sending on George
Smith, favorite for the race, whose
great quality as a racer might be ex-
pected to tempt him to richer fields,
where racing was to be continued
for a longer period than the brief
fortnightly meeting at Hawthorne.

Put the representation in the race
of such men as these, along with E.
J. Mackenzie, the Winnipeg railroad
magnate and son of Sir William Mac-
kenzie, president of the Great North-
western railroad, to help the turfmen
of the central west, gives to the race

CUBS TAKE FINAL OF SERIES FROM PHILLIES

PRENDERGAST ALLOWS ONLY
ONE HIT UP TO EIGHTH.

Kelly, latest Acquisition of Cubs,
Drives in the First Chicago Run
and Plays Well in the Field—
Other National League Scores.

Chicago, July 14.—Crashing hits
off Rixey gave Chicago another win
over Philadelphia today, and an
even break in the series. Prender-
gast allowed only one hit up to
the eighth when the champions
hammered out four hits for three
runs. He gave way to Seaton after
Good singled in the ninth. Kelly
the Cub's latest acquisition, drove
in the first Chicago run and played
well in the field.

MARKET TAKES REBOUND AFTER DEPRESSION IN THE FORENOON

Losses are Largely Replaced by
Gains in the Afternoon—Weak-
ness is Most Acute in the War
Issues.

New York, July 14.—Extreme de-
pression in the forenoon, when num-
erous specialties dropped to lowest
prices of recent months of the year,
and sharp rebound in the afternoon
when losses were largely replaced by
substantial gains, constituted the con-
trasting features of today's feverish
market.

In keeping with the movement of
the early week, weakness was most
acute in the war issues, notably the
equipments, industrials and motives,
together with coppers. United States
Industrial Alcohol and Mexican Pe-
troleum.

Loss in Crucible and Lackawanna
steels, American and Mainway loco-
motives, New York Airbrake Inspira-
tion and Tennessee coppers and
alcohol ranged from 1 to 4 points
but United States Steel at no time
fell more than a fraction and was
among the first to recover.

Canadian Pacific, Reading, Lehigh
Valley and Norfolk and Western fur-
nished the basis for forenoon pessim-
ism with recessions of 1 to 1½ points
but the free absorption of Reading
in the final hour helped to turn the
scales. Shipping stocks were mod-
erately heavy on light offerings. To-
tal sales of stocks 560,000 shares.

Persistent selling of Anglo-French
is marked the day's irregular deal-
ing in bonds.

Cream Cake

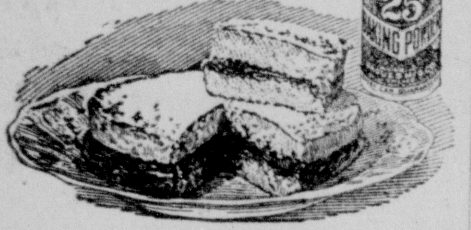

Inquiries among a large number of women using "The Cook's Book" showed this to be their favorite cake recipe. It is easy to make, certain to turn out well if K C Baking Powder is used, and may be put together with almost any filling or icing.

K C Cream Cake

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

One-half cup butter; 1 cup sugar; yolks of 2 eggs, beaten light; 1/2 cups sifted flour; 2 level teaspoonsfuls K C Baking Powder; 1 cup cold water; whites of 2 eggs, beaten dry.

Cream the butter; add the sugar, yolks of eggs and water; then the flour, sifted three times with the baking powder; lastly the whites of eggs. Bake in two or three layers; put these together with cream filling, and dredge the top with confectioner's sugar.

Cream Filling

One-fourth cup sifted flour; 1/2 teaspoonful salt; 1 cup hot milk; 1 egg, beaten light; 1/2 cup sugar; 1 teaspoonful vanilla extract; 1 ounce chocolate.

Mix flour and salt with a very little cold milk; stir into the hot milk and cook ten minutes; add the chocolate and stir until it is melted and evenly blended with the flour mixture, then beat in the egg mixed with the sugar, and lastly the vanilla.

You need the K C Cook's Book, containing this and 89 other delicious recipes—sent free upon receipt of the colored certificate packed in every 25-cent can of K C Baking Powder. Send to the Jaques Mfg. Co., Chicago.

COMMISSIONER COX FOUND ASPHALT POPULAR IN IOWA

Is Used Extensively in Des Moines for Retopping Worn Brick Paving—Patented Product Favored at Ames.

Commissioner Jerry Cox, who has recently returned from a trip to Iowa, was favorably impressed with both asphalt and bituthallic pavements that he saw there. In Ames the bituthallic pavement has been so satisfactory that contracts were recently let amounting to \$375,000. This paving material is patented and the construction is really a mixture of asphalt and crushed stone which is applied upon a concrete foundation and then oiled. This same material cannot be used for pavements in Illinois as a state law here prohibits the use of any patented paving materials.

In Des Moines they have many miles of asphalt pavements which have stood the traffic thru the years in excellent form. They have also used asphalt in retopping brick pavements with excellent results. The plan followed is practically the same as in other cities where the uneven portions of the brick pavements are leveled with concrete filler and then surfaced with asphalt. In some cities this class of work has not given good results and therefore there have been conflicting reports upon the practicability of surfacing brick pavements with asphalt. The real facts probably are that the plan succeeds if the right kind of work is done and the best quality of asphalt is used.

When the West College street asphalt pavement was laid in Jacksonville there were many people who declared that it would be an expensive experiment for the city and in a few years' time would require expensive repairs which could not be made without an elaborate equipment. But these fears have proved unfounded for the pavement has stood six or seven years' usage and today is showing no signs of wear. It is readily the best piece of paving in Jacksonville. The claim is made for asphalt pavement of highest quality that the more it is used the better the condition, and this theory seems to be substantiated on West College street. Because the roadway is so much better there the street has been subjected to an immense amount of traffic, part of which normally would be routed some other way.

It is claimed that asphalt if never used is like a piece of rubber which if spread out upon the ground and never moved deteriorates rapidly. In fact, this deterioration is much more rapid than if the rubber is trod upon or put to some use. It is claimed that the same principle which is applicable to the rubber applies to the asphalt paving material. Just as it is intimated above, there are conflicting reports about the value of paving materials largely because there is such a wide difference in qualities and because contractors have such differing ideas as to the proper kind of work to be done.

OILING SOUTH

JACKSONVILLE STREETS

The citizens of South Jacksonville are doing some much needed work just now in oiling the road from the Masters residence to the west entrance to Nichols park. This is truly commendable and if only the people of the balliwick will open their hearts a little wider and oil Michigan avenue to Hardin avenue and then oil Hardin avenue to the Vandavia road they will be conferring a lasting favor on many sufferers who have been dreadfully annoyed by the dust along those thoroughfares.

The chautauqua will soon begin and it would certainly be fine to get those streets in shape before that time that our visitors may not be choked with flying red estate when they try to get to the great gathering.

PROTEST PROPOSED NATURAL GAS PRICE

The St. Clair County Gas & Electric company is engaged in laying a main for the use of natural gas in Belleville from the field near Staunton. The company proposes to charge a rate of 80c per thousand feet and will appear before the state utilities commission next Monday to ask for authority. Residents of Edwardsville and Collinsville, who are also prospective customers of the company, will appear and object to the rate as being too high. They insist that 80c for natural gas is out of reason when the same commodity is sold in western states where natural gas abounds for 25 and 30c per thousand.

SANGAMON COUNTY BEGINS WORK ON JACKSONVILLE ROAD

According to the Springfield Register of July 14 the work of laying concrete in the Jacksonville road began Friday morning. The work is being done with state aid and county money and is under the supervision of Highway Superintendent of Highway, Edwin C. White. Mr. White also has an appeal to all farmers thruout Sangamon county to cut weeds in the highways adjacent to their farms as that is an aid in the better roads movement. He also announced the completion of the marking of the Burlington Way from Springfield to Peoria.

COMMITTED TO JACKSONVILLE STATE HOSPITAL

Charles Bergstrom was tried before a commission as to his sanity Friday and committed to Jacksonville State hospital. The commission was composed of Dr. George Stacy and Dr. J. P. Myers. Bergstrom is a married man in years and has been an inmate of the county farm. Recently he became quarrelsome with both the management of the farm and the inmates.

John Garvey and wife were Springfield visitors yesterday.

Electric Fans Are Happiness Restorers

How was it at your house when retiring time came?

Was every member of the family comfortable and happy, or was mother tired and worn by the vexation of an uncooled house, atop an unusually hot day? Were the children peevish and irritable? Did you go home cross and out of sorts, to find no relief.

There is a positive remedy—the ELECTRIC FAN. The cost is low and the gain great. Call either phone 580 and Mr. McLaren will be right out to ascertain your needs.

Jacksonville Railway & Light Co.

South Main Street—Just Off the Square

How Was It At Your House Yesterday and Last Night?

The U. S. Weather Observer at Alexander reported 95 deg. Fah., in the shade as the high point for Friday, the hottest since 1914. There are more of such days in store for you. Are you prepared? Are you keeping as cool as is your privilege?

AUTO LAWS IN P. E. ISLAND.

A subscriber recently requested that we furnish him with information regarding the status of automobiles in Prince Edward Island, Canada. In order to supply the information, we wrote to the proper authorities in the Province, and obtained a draft of recent legislation enacted by the Island parliament.

In 1908 a law was passed by which automobiles were denied the use of the roads and highways thruout the island, but in 1913 this law was repealed and autos were permitted to be used with certain restrictions. The parliament at first turned down an effort to repeal the 1908 law, and subsequently the proposition was put to a vote and was again defeated by an overwhelming majority. However, it was finally agreed that motors would be permitted to use such roads as 75 per cent of the residents thereon were agreeable to. As a consequence, there are two roads leading out of the capital, Charlottetown, where they are permitted to run three days per week.

On the face of it, this restriction would seem to be unwarranted, but when the facts are considered, such is not the case. No less than 85 per cent of the inhabitants of Prince Edward Island are engaged in agriculture. A railroad with several branch lines traverses the island from end to end, providing adequate transportation facilities. The farmers are very fond of driving and as one gentleman writes us, the presence of automobiles in great numbers would interfere with their pleasure, as well as their pursuit of business. The roads are narrow, and the clay soil of which they are composed would be badly cut up by the machines. It is also argued that a great majority of the people could not afford to buy automobiles, and as a consequence they would have to forego the pleasure and safety of driving in order to accommodate a very few of the people.

Unlike many sections, the island climate provides good roads and weather only in the summer months, so that horses must be kept for all purposes, thus eliminating automobiles as vehicles of general utility.

Perhaps in no other section of North America are horses in such favor as they are on Prince Edward Island. The people sincerely love horses and it would seem that they have a perfect right to legislate against any invasion of the roads that would be detrimental to horse usage. Horse raising has received an impetus during the past five years, and the Islanders are making an effort to raise a better class of stock. Hon. John Richards, of Bideford, has been untiring in his efforts to bring this about. He purchased Captain Aubrey, 2-074, the noted trotter and sire, by Peter the Great, 2-071-4, and the best mares on the island have found their way to this stallions' court.—The Horse Review.

GRIGGSVILLE

Griggsville, Ill., July 13.—Mrs. Earl Gould and son left yesterday for her home in Milton after a week's visit with her parents, Mr. and Mrs. S. Dickerson. She was accompanied as far as Pittsfield by Mrs. R. E. Gould who spent the day with her daughter, Mrs. Rose Linville.

Mr. and Mrs. James O'Farrell left yesterday for their home in St. Louis after a two weeks' visit with friends here.

Kenneth Warricks has gone to Wisconsin where he will work with his brother Herschel.

Mrs. Walter Higdon and children of Kansas are here for a visit with relatives.

Misses Margaret Yates, Esther Wynn, Dorothy Warton, Lucile Northrup, Myriam Stead were week end visitors in Winchester.

M. T. Driscoll and G. J. Zimmerman have purchased new touring cars.

Miss Elizabeth Butler and Robert Walker gave their friends a little surprise by going to Quincy where they were married by Judge McCarl.

HAVE NOT LOCATED CONFEDERATE

Early Friday morning Chief Davis made a trip to Franklin in his car hoping to get some trace of the confidence man who escaped arrest Thursday evening. Officer Hogan, the motorcycle policeman also made a trip to Murrayville and another of the officers made a trip to Alexander. No trace of the man could be found.

Mrs. Lucy Bundy of 1408 East Railroad street was the woman who went to the station Thursday evening and identified Mayhew as the man who had buncoed her out of \$25. Mrs. Bundy appeared at the police station again Friday morning and gave Mayhew an artistic dressing down. Mayhew had \$12 in cash and this was turned over to Mrs. Bundy. It is probable that Mayhew's confederate has the other portion of Mrs. Bundy's money.

BANKERS TO PLAY MERCHANTS.

At Nichols Park diamond next Thursday afternoon the Bankers will play the Merchants a game of ball for the benefit of the Free Kindergarten. There was a considerable deficit in the kindergarten treasury last year and an effort is being made to make it up.

The committee in charge is composed of John Larson, chairman and Miss Milliecent Rowe, Miss Lillian Davis, Miss Jeanette Powell and Jay Rodgers. The bankers will be captained by Marey Osborne and the Merchants by Cass Hamm. The game will be called at 4 o'clock and the admission will be 25 cents. There should be a large attendance as the cause is a most worthy one.

LOSES WASH BOILER WHILE CONFERRING WITH POLICE

While Mrs. Carrie Anderson was at the police station waiting to see Chief of Police Davis Friday morning a thief climbed the back fence and stole her copper wash boiler, which had been left out on the back porch.

The theft was made known by Mrs. Anderson's daughter who rushed to the police station from the residence on North Mauvaisterre street. The girl was out of breath when she reached the station but managed to tell that she reached the back door in time to see a colored man vault the back fence with the wash boiler in his possession.

The police immediately went to J. Cohen and Son and found that the boiler had been sold. Mrs. Anderson got her wash boiler back and the police are now looking for the thief.

MURRAYVILLE BOYS CAMPED AT NICHOLS PARK

Eleven Murrayville boys arrived at Nichols park Friday for a two days camping trip. The boys were in charge of Messrs. J. W. Fanning and Scott Wiswell. They have a large tent pitched in the southeast corner of the park and will do their own cooking. Permission was granted the boys to camp at the park at the last regular meeting of the park board. Saturday, a game of ball will be played with the juniors of the Y. M. C. A.

The boys in the party are: Frank Kennedy, Floyd Short, Charles Mawson, Ralph Riggs, Glenn Covey, Clarence Trivitt, John Snock, Irvin McCollom and Clarence Beadles. The trip was made overland in a wagon.

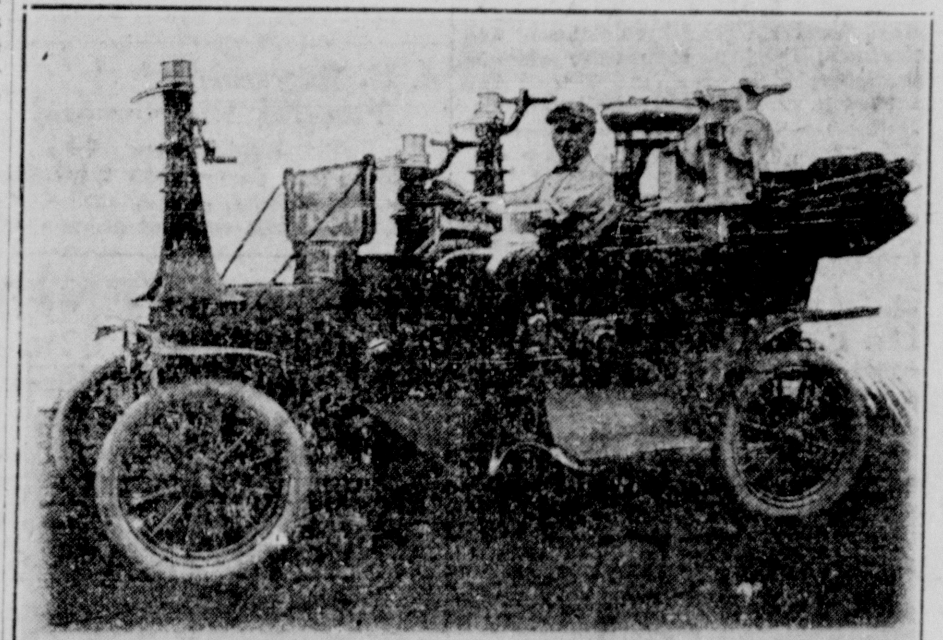

HOTEL TO CHANGE HANDS

The historical Scott hotel at Chapin is again to change hands. E. E. Seides, the present proprietor has exchanged the property for a farm in the vicinity of Baylis and owned by Frank Tritch who will take possession August 14th.

Mr. Seides has made an acceptable landlord and many of his friends and patrons will regret to have him leave. Mr. Tritch is a worthy gentleman, and one of the substantial farmers of Pike county and will come to the place with a sturdy character and good name and strive worthily for public patronage.

ENJOYING AUTO TRIP

Mrs. Gaines has received word from her son Harold Gaines who went on the trip with Mr. and Mrs. W. W. Gillham and Miss Graham, as chauffeur. They went to Indianapolis, Ind., and from there to Cleveland, Ohio, arriving there Monday, a distance of 280 miles, making the trip without an accident. They expect to be gone about two months and will visit at Buffalo and other eastern points.

This cut shows F. V. Correa in his Ford car with a load of 7 Primus Cream Separators. One day's sales, 5 sizes, capacity 250 lb. to 900 lb. per hour, including one power machine strapped to side of car.

The Primus is the latest thing out and the swimming wonder of the world. At a prominent dairy university it skimmed cold milk at 50 degrees Fahrenheit, showing a skim milk test less than one-half better than any standard make separator, all due to the curved skimming device.

The good features of the Primus are simplicity, one-piece skimmer, easy to wash, light running, speedometers on all so the whole family can turn at the same rate, and fast durability.

Drop Correa a card and he will come to your home and skim your cold milk right out of your crocks or water separators. Seeing is believing, trying is convincing. It adds one cow to every 5 cows you have.

Agents wanted everywhere. It makes no difference where you live or what your business is, you can sell them if there is no dealer near you.

Address all correspondence to F. V. Correa, Manchester, Ill., district agent for the southwest division of Illinois, 12 counties.

MURRAYVILLE ROUTE ONE.

Russell Richard was a caller in Jacksonville Saturday.

T. C. Richard called day for L. G. Crouse Tuesday and Wednesday.

Mr. and Mrs. Charles Osborne and baby, Mrs. T. T. Wild and daughters were Sunday afternoon visitors with Taylor Wild and family.

Miss Pearl Wild and gentleman friend called on Murrayville friends Sunday evening.

Esther and Isabelle Wild spent Tuesday in Murrayville.

George Crouse and wife spent Wednesday at L. G. Crouse. Mr. and Mrs. J. L. Dunnaway spent Friday evening with Mr. and Mrs. L. G. Crouse.

Troy Snock and family were Sunday guests of W. E. Harney and family.

Miss Mayme Harney is spending a few days with her sister, Mrs. Troy Snock.

Mr. and Mrs. Hugh Hagan and Misses Freda Durdeyn and Nettie Meek of Jacksonville spent Sunday with Joseph Hagan, Sr., and family.

Mrs. Weber Grammar of Baylis died Thursday morning and is to be buried today. She was an aunt of Mrs. Charles Taylor of the vicinity of Chapin and she and her husband, Captain Charles H. Taylor, will attend the funeral.

Inexpensive Insurance

For Your Valuable Papers

The Safety Deposit Vaults in conjunction with this bank offer unequalled facilities in a convenient location. Here you may obtain any size box you wish, from a small one for \$3.00 per year to a large one for \$15. The prices are indeed moderate considering the certain safety afforded for your valuables. Experienced and efficient attendants are in charge of this department. Private rooms and other facilities are afforded for your convenience.

FARM HOUSE NEAR MURRAYVILLE IS DESTROYED BY FIRE

Dwelling on Masters Farm Burned To Ground—Everett Pennell Lost Household Goods.

The two story frame residence on the Masters farm two and one-half miles west of Murrayville burned to the ground Friday afternoon. The place was formerly known as the B. W. Cunningham farm and the house had been occupied for some time by Everett Pennell and family. Just how the fire started is not known but about 1:30 o'clock the roof was discovered in flames and within an hour afterward the entire structure had been destroyed.

A number of people in automobiles drove to the fire taking chemical extinguishers with them but the flames had made such an advance that they could not be checked. Nearly all of the household goods were destroyed, together with the building. The house was erected about six years ago, and was in good condition. The loss on the building will be about \$3,000 partially covered by insurance and the loss on household goods will amount to \$400.

COMMISSION ENTERS FORMAL ORDER IN LOCAL PATE CASE

(Continued from page four.)

Discount.

No discount will be allowed under Schedule "T".

Minimum Bill.

The fixed charge provided above, Schedule "J"—Park Lighting Service.

Applicable to service as rendered in Nicopolis Park in 1914.

Rate.

Seventy-one dollars (\$71) per month.

Discount.

No discount will be allowed under Schedule "J".

Minimum Bill.

The first rate above designated during such months as service is rendered.

It is further ordered that the rates and charges for street-railway service, which are to be hereafter observed by the Jacksonville Railway Company, until subsequently modified, either by an order of this Commission or in other manner provided by statute, shall be in accordance with the following schedule:

Rates for Street-Railway service, authorized to be charged by the Jacksonville Railway Company in Jacksonville, Illinois.

Rate.

Cash Fare.

For passage between any two points on company's lines, per passenger, 5c.

Ticket Fare, Adults.

Book of one hundred (100) tickets; each ticket good for one unrestricted passage, \$4.00 per book.

Book of fifty (50) tickets; each ticket good for one passage for individual to whom sold within a time of thirty (30) days from date of sale, \$2.00 per book.

Ticket Fare, Children under 12 Years of Age

Book of one (100) tickets; each ticket good for one unrestricted passage, \$2.50 per book.

Provided that children six (6) years of age or under will be carried free of charge when accompanied by competent person paying fare.

Transfers.

A transfer will be issued on any of the above cash or ticket fares. Such a transfer entitles a passenger to continue passage in one general direction to point of destination on any one of the company's lines. Passengers must request transfer at time fare is paid and transfer will be accepted for passage only on first connecting car, at specified transfer points, and within the time limit shown on transfer.

It is further ordered that, in accordance with the provisions of an agreement between the parties to this proceeding announced to this Commission March 23, 1916, and set forth in the record of this case at page 19 of volume number 7, the aforesaid new schedules of rates for gas, electric, and street railway services shall be effective as of April 1, 1916, and that the aforesaid Jacksonville Railway and Light Company, before September 1, 1916, shall make reparation to its consumers of all sums collected since April 1, 1916, in excess of the proper sums which are determined by the rates fixed herein.

It is further ordered that the aforesaid Jacksonville Railway and Light Company and Jacksonville Railway Company shall set aside annually, for the purpose of meeting accruing depreciation in the various properties, the sums specified hereinbefore, viz.,

In the gas department, three thousand and six hundred dollars (\$3,600) on or before June 30, 1917 and thereafter an amount equivalent to seven and one-half cents (7 1/2c) per one thousand (1,000) cubic feet of gas sold.

In the electrical department, eight thousand five hundred dollars (\$8,500) on or before June 30, 1917, and thereafter the same sum each year increased by four and one-half per cent (4 1/2 per cent) of the cost of all additions and betterments installed during said year (exclusive of the replacements and retirements).

In the street-railway department, nine thousand dollars (\$9,000) on or before June 30, 1917, and thereafter the same sum each year increased by four per cent (4 per cent) of the cost of all additions and betterments installed during said year (exclusive of the replacements and retirements); which depreciation funds shall be duly credited with all earnings and shall be used in such manner as this Commission, upon application, from time to time may approve.

By order of the Commission, at Springfield, Illinois, this 11th day of July, 1916.

(Signed) R. V. Prather, Secretary.

Order brick ice cream at Princess.

SOME REMARKABLE EGGS

Thursday a lot of eggs was received at the Hatfield commission company's establishment on South Main street and when the men undertook to "candle" them they found three with live chicks in them. The little creatures were released from their prison and Mr. Riggs took them home and gave them to a mother hen which adopted them at once and brooded them all right.

Mr. Riggs thought that record could hardly be beaten when yesterday to his astonishment, the boys handed him three more live chicks found the same way.

Quality first: Princess.

LIGHT COMPANY EMPLOYES PLAN FOR ANNUAL PICNIC

Will Spend Next Thursday at Nichols Park—Program in the Making.

Arrangements have been made for the annual picnic of employees of the Jacksonville Railway and Light company, together with their families, to be held next Thursday, July 20, at Nichols Park. All employees and their families will be carried to and from the park without cost and a special program of entertainment will be arranged for them. In addition to the athletic events and other sports there will be a program of music and brief addresses.

The general committee on arrangements consists of Fred Davey, Jr., Chairman, F. H. Bates, Gary Whitlock, Fred Woodward and Arthur Schaub. Other committees in charge of the picnic are: Program, Art Schaub, Roy Williams, Fred Woodward, Refreshments, J. K. DeFries, H. C. Bradish, Finance, Gary Whitlock, Paul Christian, F. H. Bates, Booster, Donald Butler, William Danks, Earl Smith, William Crane, and D. McLaren. There will be a refreshment stand and of course dinner and supper will be important features of the day's program. Not all of the employees can be at the park on one time but the expectation is that all will be able to spend a part of the day there. There are about seventy employees of the company, so that when the members of their families are counted in it can readily be understood that a goodly crowd will be present.

J. H. HACKETT GIVES
VIEWS ON ROAD GRADING

Statement Is Published in Bloomington Pantagraph.

The Bloomington Pantagraph publishes the following statement made by J. H. Hackett, of this city, in regards to good roads.

Accepting an invitation from our friend, Mr. J. K. Long, to take a ride into the country, we made a discovery, no less than a perfectly graded dirt road, the first we ever saw in Illinois. Its location is out beyond Salem church on the state road. We do not know who is responsible for this most excellent piece of road work, but whoever it is there is awaiting him a two years subscription to The Farm whenever he lets himself be known not the man who directed, but the man who actually worked on the road and possessed the job. Not one man in a hundred can build such a perfect road—three tracks wide, the center oiled. But we noticed that the automobiles did not use the center or oiled part, thus supporting our theory that a good dirt road meets the necessities of travel except in seasons of excessive rainfall, and also supporting in part at least, our theory that a narrow hard road would meet the requirements of travel to a very large extent.

The Farm advocates that if hard roads are to be built, all reasonable demands would be met by building a ten foot wide pavement with a well graded dirt road alongside, in which case the dirt road will be used five to ten times as much as the hard road and give better satisfaction to the traveling public generally, and particularly to the farmers who continue the use of horses.

The Wrong Way.

Coming towards Jacksonville from along about Salem church we noticed a stretch of road built the old and usual way, one of the prominent earmarks being a windrow of dirt left along the middle of the road. It passes our comprehension why the road builder will stick to this old custom. It has prevailed from time immemorial, or at least since the advent of the road grader. A more assinine way cannot be conceived. A perfect road grade cannot always be had, but that useless and unsightly windrow of dirt can always be removed with but a few minutes of work, if taken in time. The road man who leaves this "windrow" should be prosecuted for committing a nuisance.

MOON IN ECLIPSE.

The partial eclipse of the moon was visible in Jacksonville Friday evening and was viewed by hundreds of citizens. The moon entered the earth's shadow at 9:19 p. m. and the maximum eclipse was reached at 11:36 p. m. and moon emerged from the shadow at 12:03 a. m. An eclipse of the moon occurs only near the moment of the full moon. However eclipses do not occur at every full moon because the moon's orbit is tipped six degrees to the sun's path. They must occur when there is a full moon near one of the points of intersection of the two orbits.

ARRESTED FOR VIOLATING FISHING LAWS.

Deputy Sheriff George Stice went to Meredosia Friday afternoon and served warrants on J. B. Edlin, John Edlin, Lee Edlin and Warren Edlin charged with violating the fishing laws of the state. The information was filed in the county court by a fish warden from Quincy. It is alleged that the Edlins placed a net across the mouth of Meredosia Bay. The men will appear for hearing here Monday.

PHYSICIANS APPROVE PLAN FOR COUNTY TUBERCULOSIS SANITARIUM

League in Arranging for Tax Vote This Fall Endorsed.

At the meeting of the Morgan County Medical society the action of the Anti-tuberculosis society in inaugurating a movement for a county election under the Glacklin law was endorsed. The Glacklin law as applicable to counties provides that upon petition of a certain number of voters that the question of levying a 3 mill tax for the erection of a tuberculosis sanitarium may be submitted to the people. Some time ago the Morgan county anti-tuberculosis league took action which will lead to the presentation of this question to the voters of Morgan county at the November election. The public will be interested, therefore, in knowing the attitude of the Morgan county physicians to the project.

The provisions of the Glacklin law are quite broad and while the money raised from special levy made under the law is designed particularly for the erection of a sanitarium for the treatment of tuberculosis, the trustees of the tax fund when raised are given authority to use the money in other ways for fighting tuberculosis. In at least five or six counties announcement has already been made that elections will be held on the question this fall, the movement having been initiated in each instance by the anti-tuberculosis organizations. LaSalle, Mercer and St. Clair counties are included in the list of counties in which the question will be submitted to voters at the November election. Other counties are expected to take similar action before the time has elapsed for the proper preparation of petitions.

SPECIAL SATURDAY AND MONDAY FANCY LEMONS 25¢ A DOZEN WILSON AND HARDING.

MATRIMONIAL

Moran-Buckheit.

Friends in the city received word recently of the marriage of Miss Pearl Buckheit to Dr. W. W. Moran both of Chicago, Illinois. Miss Buckheit is a daughter of Mr. and Mrs. H. H. Buckheit formerly of this city.

Miss Buckheit received a greater part of her education in the Jacksonville schools when the family moved to Chicago where she finished her education.

The groom's home was formerly in Southington, Conn., but for the last year he has resided in Chicago. For the present the young people will make their home in Chicago but will probably go to Southington, Conn., later.

Mrs. Moran has a host of friends in the city who will extend hearty congratulations.

A COSMOPOLITAN ORGANIZATION

There was registered at the Grand Hotel yesterday a truly cosmopolitan musical organization on their way to take part in the Bluffs chautauqua. The they came from such diverse locations they all belonged to the same organization and seemed to be both vocal and instrumental artists. Their names and locations were W. Stanger, Detroit; A. Vitale, John Sabbath, Andrea Polypandro, Adolph Pittlessandro, G. Giuseppe, Cleveland; N. Baggitani, D. Raffo, Virgil Del Porto, A. Sango, Philadelphia; Louis Rose, San Francisco; and O. Stango, New York.

Mrs. Mary A. Cruse of 317 Madison street, has gone to spend a few weeks with her daughter, Mrs. O. L. Smiley of San Jose, Illinois.

ADMINISTRATION BOARD BELIEVES IN PUBLICITY

Annual Report Made to Governor Declares Frankness Has Characterized Policies and Resulted in Improvements—Secretary Bowen Writes of Chicago Conditions.

In the sixth annual report of the State Charities commission which is just from the press the state board of administration claims that the program of publicity followed by the board has been of great benefit to the inmates of the institutions. The board maintains that the public has been told all the facts about accidents or the improper conduct of attendants at any and all of the institutions and it is declared that a continued improvement has resulted. There are now 22,000 inmates and 3,500 employees in the institutions. The language of the report follows:

"No one policy has done more—possibly not so much—to elevate our state charitable institutions in the confidence of the public and to relieve them of the stigma of suspicion and scandal than publicity.

"No matter how deplorable or how serious the circumstances, surrounding an untoward occurrence in one of the institutions may be, the manly, courageous and proper thing to do is to make a clean breast of it. Do not wait for the public to find it out from other sources at a later day and then attempt to make excuses and explanations but let the truth be told by the institution itself at the very time.

"So long as the insane and defective must be cared for by human hands there will be slips and mistakes. Accidents and even worse will happen. So when something goes wrong in an institution or hospital do not make a mystery out of it by concealing all or any of the truth. Do not let an outsider be the bearer of the story to the public.

"It is a questionable policy even to attempt to throw a favorable light upon a bad situation.

"It is equally poor policy to attempt to excuse or to justify a situation or an affair because in itself it reflects upon some one in authority.

"Authority must be prepared to assume blame for failures, as well as to accept credit for successes, and the better way always is to conceal nothing, to let the light in, to reveal every detail, to assume responsibility frankly and to admit mistakes or failure. The public will always have more confidence in that public servant who follows this course and will be ready to award him at full value for every act that deserves commendation."

A. L. Bowen, executive secretary of the commission, in a letter printed in the Institution quarterly, discusses the same subject and says:

"In this policy of publicity it has been the state's desire and intention to conceal nothing, to throw open the doors, invite the public to see for themselves and to give truthful facts, without effort to minimize, mitigate or excuse any happening within their walls which may not be of a complimentary character. We believe in this sort of publicity."

The quarterly gives some publicity to Chicago. It says that last winter Chicago had its "worst crime wave." The exact wording is as follows:

"During the winter of 1915-16 Chicago experienced its worst crime wave."

Elaborating on this thought it continues:

"It resulted in 'shake-ups' in the police department and whole broadsides of newspaper controversy, public speaking and relief organizations. The crimes ran the gamut of evil.

"The murders were of the foulest and most deliberate character. Larceny on an extensive scale was practiced by both sexes and all ages. Individuals on the streets, merchants in their places of business, banks and even hospitals were held up. The term 'baby bandit' was coined, because some of the criminals proved to be mere children.

"Many of the crimes were committed after the style popularized in moving pictures. For instance, the robberies in the daytime of the Washington Park National Bank and of the Cook agency were staged exactly in the same way as had been detailed and pictured on many a motion screen."

"It goes on to discuss various features of the 'wave' and its causes.

This quarterly—a book of 263 pages—is issued jointly by the state board of administration, state charities commission and the state psychopathic institute."

CALIFORNIA CANTALOUPE CHOICE ALBERTA PEACHES DOUGLAS' GROCERY

LEE RECTOR'S BARN

BURNED FRIDAY NIGHT

The barn on the farm three miles east of Pisgah owned by George Wood and occupied by Lee Rector, was destroyed by fire at 10:30 o'clock Friday night. The barn had just been filled with a new crop of clover hay and it is thought that this caused the fire. All of the grain, was destroyed as well as all of Mr. Rector's harness and farming implements. The stock and wagons were not in the barn and escaped destruction. Mr. Rector carried no insurance on the grain and hay and other effects. It is thought that Mr. Wood carried some insurance on the barn. Mr. Rector and his family were spending the evening at the home of a neighbor who lives about a quarter of a mile from the Rector residence. The fire was beyond control after its discovery before they could reach the place.

Willard Young of Litchberry was a visitor in the city yesterday.
